

INTRODUCING

India's First Smart Look
Pure and Healthy
WATER PURIFIER

1st Choice

The Next Level of
WATER PURIFICATION

**NEW
LAUNCH**

**TRUE UV GUARD
PROTECTION**

Ensures the last point of purification, and lets you have a safe drinking water

**100% FOOD-GRADE
PLASTIC**

7 Stage 100% RO+UV+TDS+UF+ Mineral Water Purifier with 3000 TDS RO membrane

LAB TESTED

Superior Water Purification Technology Specifically Suited for Indian Water

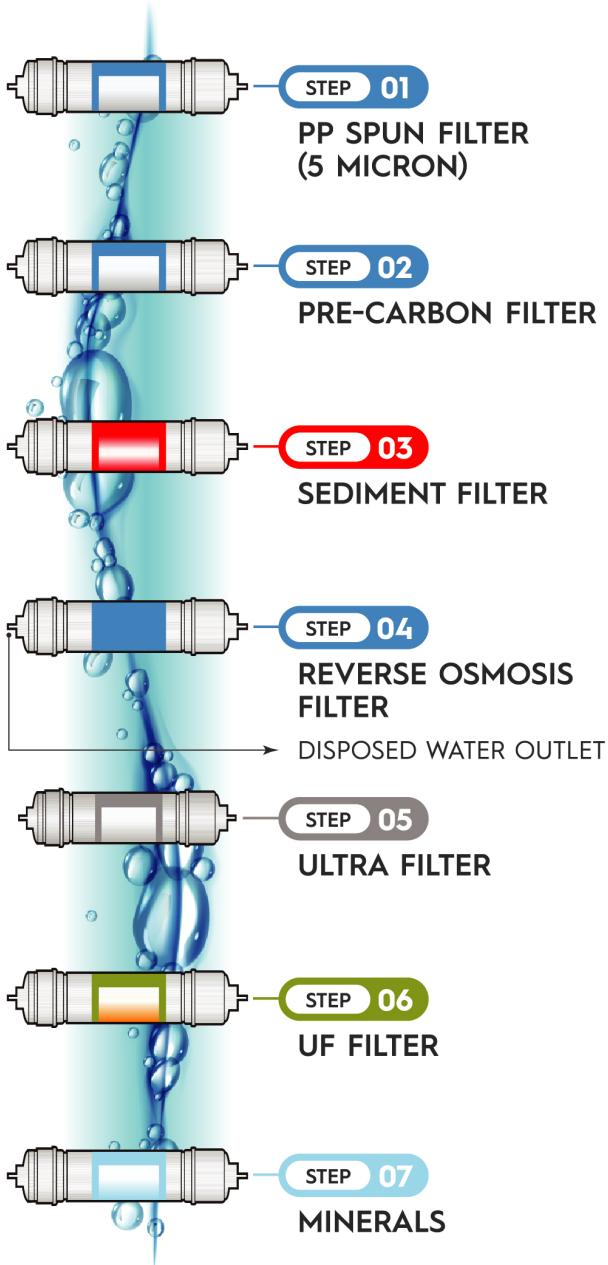

CHROME 1ST CHOICE RO+UV+UF+TDS+MINERAL CARTRIDGE

1st Choice Smart Look RO+UV+UF is a best in class water purifier which can purify water from various sources like municipality, borewell & tankers. Its unique technology provides water that is sweet tasting and healthy.

TRUE RO FILTRATION

Why RO is required? Water contains dissolved impurities like bacteria, virus, heavy metal, pesticide, etc which can cause water-borne diseases. RO is the only technology which can effectively remove those impurities and provide purest form of water.

REVERSE OSMOSIS FILTER

3G RO MEMBRANE: High powered purification core with best-in-class membrane, special anti-scalant and smart flow control for truly safe and pure water while saving up to 100% more water*

15LPH
Purification 15lph Capacity

Digital LED DISPLAY
Energy saving LED displays real-time purification process, water level and system malfunction if any

AN ISO 9001-2015 CERTIFIED COMPANY

3000 TDS RO MEMBRANE
Best-in-class durable membrane efficiently removes all impurities from water and provides safe and pure water

100% RO+UV+TDS+UF
The multiple purification process of RO+UV+UF+TDS Control removes even dissolved impurities, bacteria, and viruses to make water 100% pure and healthy

FREE PRE-FILTER
To remove Sand, Silt, Dirt and Rust particles in water

COCONUT SHELL CARBON FILTRATION
Coconut shell represents one of the most versatile and promising options for activated carbon block filters

**ERGONOMICALLY DESIGNED
EASY TO USE**
For wall-mounted or counter-top use

INTELLIGENT RECOVERY TECHNOLOGY
Saves more water

NSF COMPLIANT HIGH QUALITY COMPONENTS
Quality components for enhanced durability and extended reliability

LAB TESTED
99.99% bacteria and virus free healthy water**
**Tested under lab conditions, for further details refer user manual
